To: Occupational, Physical, and Speech-Language Therapy Providers

From: Sasha O'Connell, Deputy Director

Subject: Therapy Service Limitations

Effective for claims with dates of service on and after January 1, 2026, each therapy discipline will be capped at twenty (20) visits per calendar year. This includes occupational therapy, physical therapy and speech-language pathology services. Additional visits can be requested by prior authorization from the Medical Care Unit. All services must be medically necessary. Requests for prior authorization must adequately document the medical necessity for the services provided and requested.

Services provided by home health agencies, the Infant Toddler Program, and school-based providers are not subject to these limitations.

Thank you for participating in the Idaho Medicaid program.
