Rural Health Transformation Program Grant Eligibility*

*Based on 2020 Census tract population estimates

Using the Federal Office of Rural Health Policy (FORHP) definition of "rural", 655,070 (36%) of the state's overall population reside in eligible rural counties/tracts.

Eligible rural areas comprise approximately 96% of Idaho's land area.

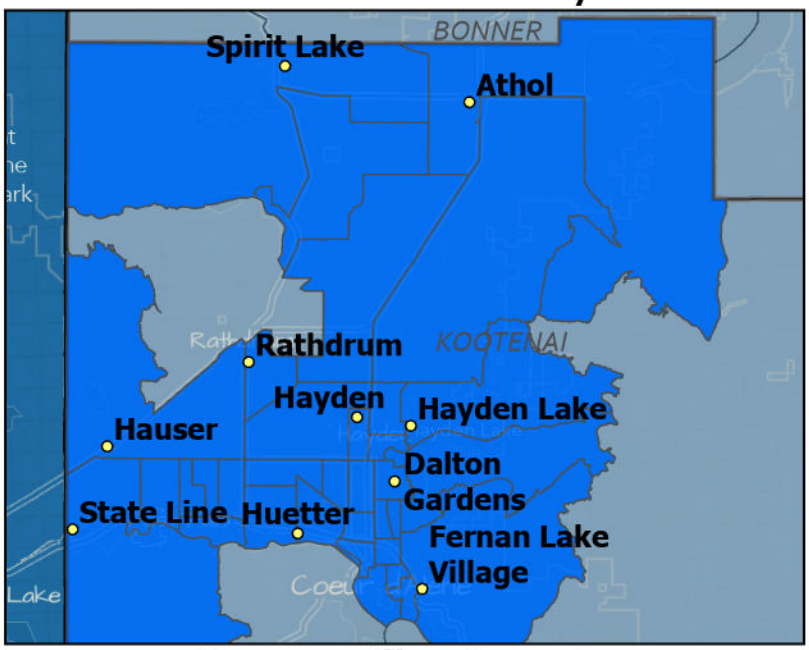

IDAHO DEPARTMENT OF HEALTH & WELFARE

Version 10/22/2025

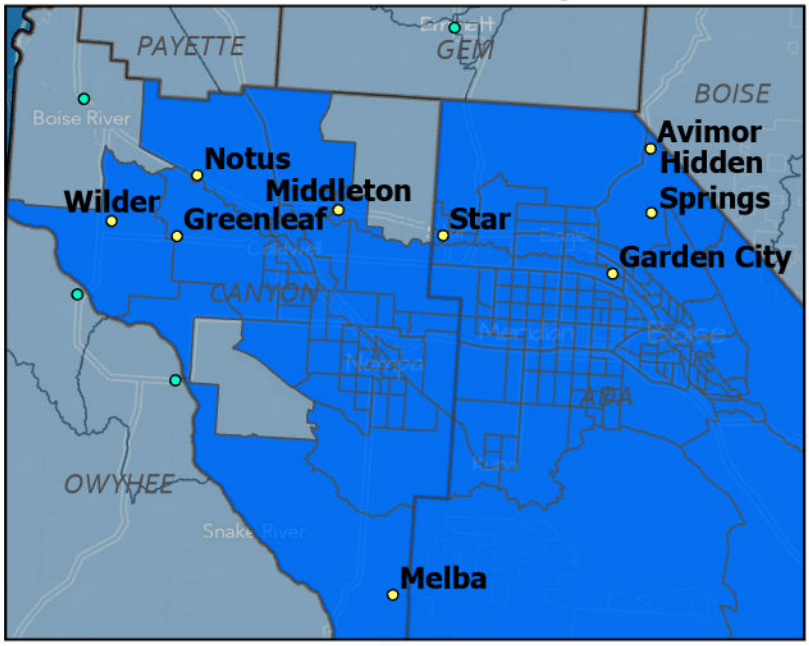

Cities eligible for Rural Health Transformation Program (RHTP)

- The cities identified within the following urban areas are defined as rural based on their respective population sizes (a current population size less than 25,000 people). These are the only cities within urban areas with population sizes less than 25,000 people.

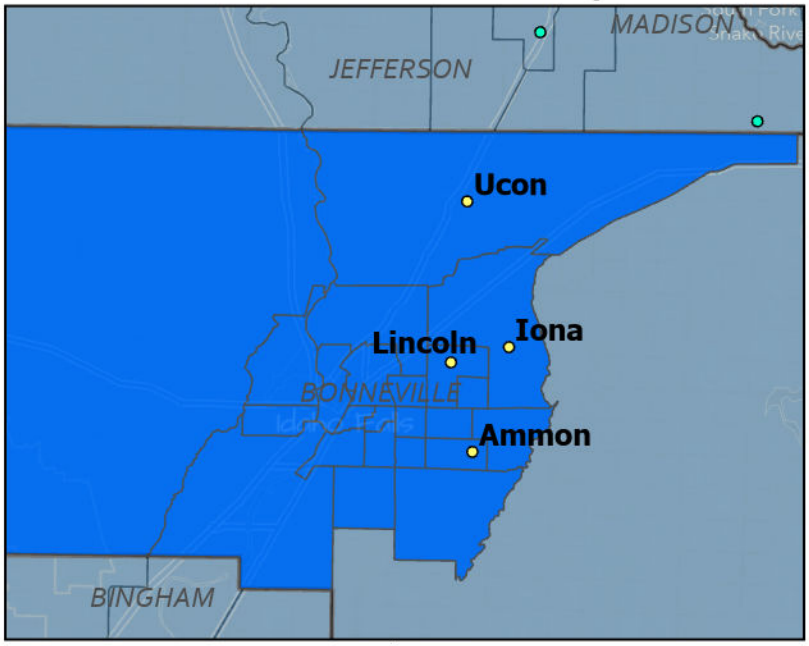

Kootenai County

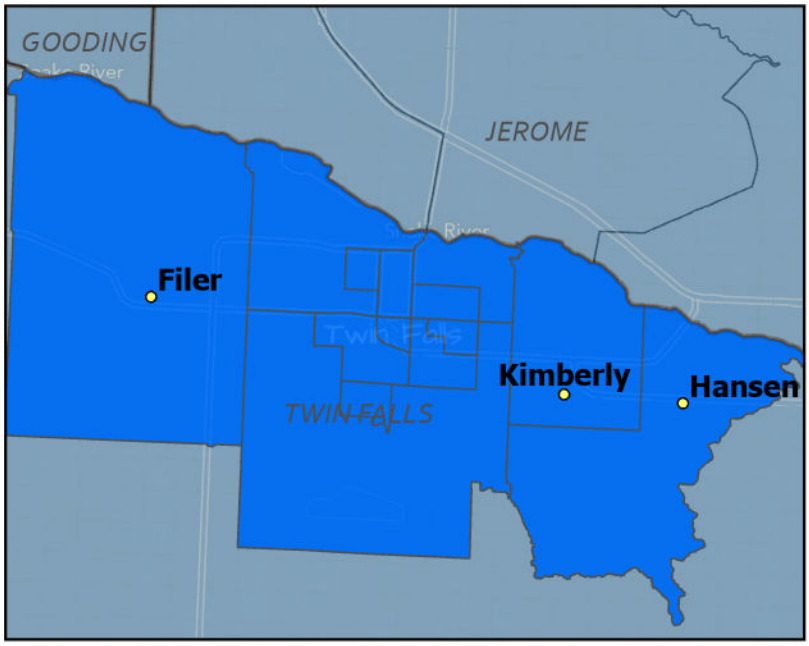

Treasure Valley

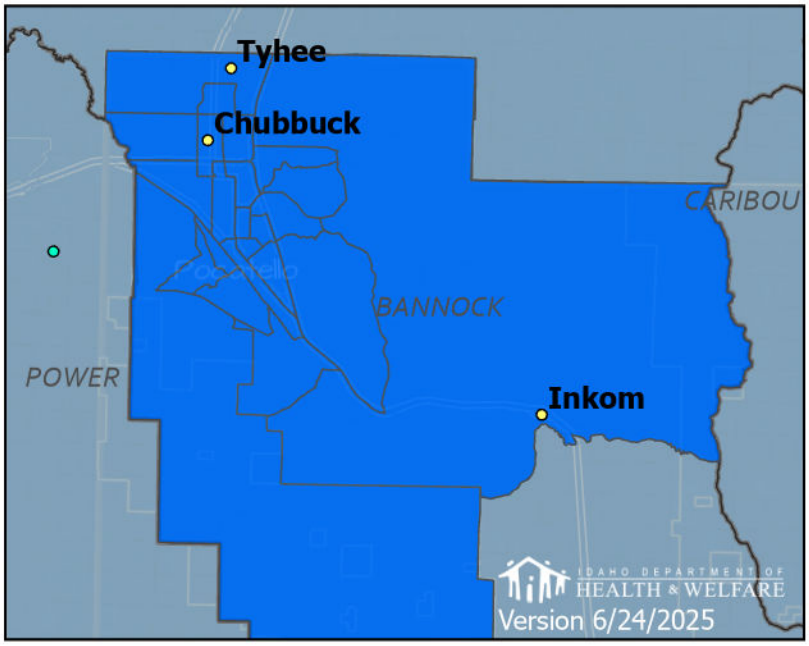

Bonneville County

Twin Falls County

Bannock County
