

BELONGINGS INVENTORY

Upon admission, the provider must inventory the resident's belongings. The resident or the resident's representative may inventory any personal possession they choose and expect to be returned upon the resident's discharge from the home. The inventory may consist of photographs or this written descriptive list. The inventory may be updated at any time but **must be updated at least annually**. When the resident is discharged, document the return date of each item.

Resident Name:	Admission Date:
CFH Provider:	*Discharge Date:

[illegible]

* Complete only upon or after discharge.
